Meet some of our North & Central America Discovery Team experts

Carly Fleet,

Kayak Guide & Naturalist

Working as a kayak guide in Antarctica and the Atlantic seaboard, Carly is passionate about sharing ocean experiences.

Her career as a guide began underwater in 2005 as a scuba dive instructor in Australia. Deciding she loved being on the ocean's surface as much as below, Carly qualified as a Paddle Canada kayak guide and divided her time between the Canadian island of Grand Manan and the tropical island of Grenada.

Carly has a strong attachment to the Bay of Fundy's enormous tides and the Caribbean's idyllic turquoise waters. Also, as a professional teacher, Carly enjoys mentoring, coaching, and sharing her enthusiasm for the ocean with guests as they discover the destination they are visiting.

Pepe Rojas

Ornithologist & Naturalist

Pepe's had a love and passion for natural history and birds, leading expeditions across the Americas, for more than 20 years. As an ornithologist, he has

been privileged to work in unique, pristine habitats where no one has set foot before.

Pepe's wealth of knowledge spans across the United States, including Colorado, Alaska, California, Mexico and Central America, where he has spent time living and also leading tours.

Pepe loves taking guests throughout Alaska to see wildlife such as grizzly bears, caribou, moose, dall sheep and gray wolves in places like Denali. In Central America, Pepe says that Costa Rica has the best preserved and protected natural areas that offer guests an amazing experience.

Xavier Garcia

Naturalist

Xavier has spent time living in the Galapagos Islands which raised his awareness of nature and conservation.

With more than 11 years' experience, Xavier's expertise in remote areas like Galápagos, Panama, Costa Rica and Mexico, enriches the guest experience with his knowledge of geology, marine mammals and sea birds.

With a university degree in film and photography, he has collaborated on documentaries about Galápagos with Sir David Attenborough.

Xavier's extensive experience and knowledge empowers him to help create lifetime memories for guests as they visit the remote and wondrous locations of North and Central America.

Daniel Johnston

Discovery Leader

After teaching in classrooms from Texas to Uzbekistan to Alaska, Daniel escaped to the forests and glacial landscape of the Alaskan wilderness

to continue his calling to educate, through tour guiding. He has now been sharing the wonders of the natural world with guests for more than a decade, specialising in the icy waters of Alaska, Antarctica and the High Arctic.

In warmer regions, extended adventures throughout North and Central America has proven to Daniel that these are ideal locations in which to discover unique nature and culture, side by side. When consecutive days can include rainforest hikes, sports, snorkelling, archaeological site visits and cultural performances – these locations, he says, provide a robust and well rounded experience.

North & Central America Seasonal guide

Glide through the icy waters to unlock the Northwest Passage, gain access to small ports closed to larger ships, set off on warm water excursions in the Sea of Cortez on board your purpose-built Discovery Yacht. Here is a seasonal guide to consider when choosing your voyage.

Spring/Early Summer (March/April)

In Peru, the heat of the 'dry' season eases, and the cold Humboldt Current moving up the Pacific coast holds the rainy 'wet' season at bay and its nutrient-rich waters feed a host of wildlife. April is peak breeding season for the mischievous Humboldt penguin, while Southern sea lion females feed pups and encourage them on their first swims. Birdlife and butterflies abound in the rainforests of Costa Rica, El Salvador and Guatemala.

Seas are generally clear and calm, making it a perfect time for diving, snorkelling, hiking and photography. Further north, thousands of gray whales and young calves depart their breeding grounds in the Sea of Cortez and join humpbacks migrating north to the Arctic. On Vancouver Island, Canada, the people celebrate the arrival of both gray and humpback whales. In south-eastern Alaska, mountain goats, brown and black bears forage for fresh shoots while migratory birds like ducks, swans, loons and geese appear.

Recommended voyages:
Peru to Panama: Along the Andean Coast; Central American Discovery; Sea of Cortez in Depth; Baja California & Sea of Cortez.

Summer (May/June)

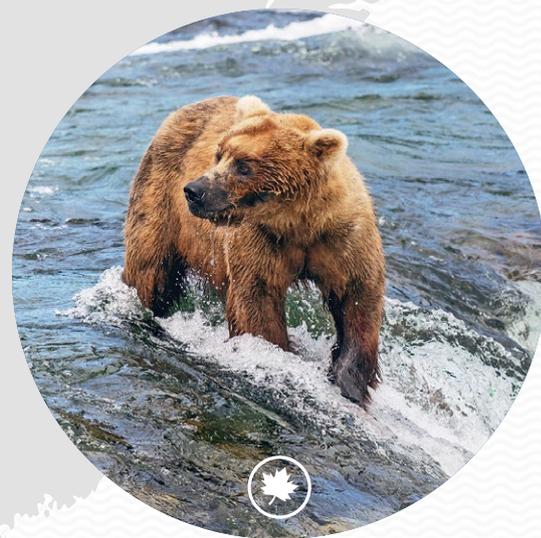

Shoulder season along America's west coast avoids the overcrowding of peak season from California to the Pacific Northwest. On board Scenic Eclipse, enjoy viewing some of the world's most fascinating birds, including the magnificent Laysan albatross, the elusive ash storm petrel, lovely spectacled eider and adventurous Arctic tern that migrate along the Pacific Flyway. Many species spend winter in California, feeding and resting before flying north just as springtime arrives in Canada and Alaska.

Coastal temperatures rise to 16°C, with 16-hour days. Snowfields are melting and all manner of vegetation is budding. May is Alaska's driest month, with many animals giving birth. A great time to view Dall sheep, moose, wolves and if lucky, lynx. On the water, gray whales, orcas and humpbacks migrate north, and harbor seals appear along the coast.

Recommended voyages:
Iconic West Coast Experience; Adventures through the Inside Passage.

Devon Island
 Beechey Island
 Prince Leopold Island
 Pond Inlet
 Sisimut

Kangerlussuaq

Late Summer/Autumn
 (August/September/October)

The Arctic Ocean is only accessible from July to September when the sea ice melts, particularly in the narrow channels of the Canadian Arctic Archipelago. By August, the tundra is a profusion of wildflowers and edible berries and wildlife is at its peak summer breeding activities. Watch for the 'Arctic Big Five', polar bears, musk ox, walrus, beluga and narwhal as well as reindeer, seal, Arctic fox and lemming. Millions of migratory birds' nest on Prince Leopold and Bylot Islands, while belugas and narwhals migrate deeper into the archipelago and join bowhead whales along the ice edge.

Opportunistic polar bears can be seen on both the coast and remnant sea ice. As days shorten, chances increase for seeing aurora borealis, the northern lights, and the tundra explodes in autumn colours of red, gold and purple.

Along the Alaskan coast, migratory birds stream south, as do humpback and gray whales. It's peak viewing of grizzly and black bears fishing for salmon and orcas along the Canadian coast. Indian summer is a glorious time along the west coast USA, as most visitors return to their everyday life. In Central America, it's the tail end of the rainy season and one of the warmest months. Rainforests are at their best, with rivers brimming and great opportunities for hiking. Much of the Peruvian coast starts the day shrouded in a mysterious sea mist called garúa.

Recommended voyages: *Unlocking the Northwest Passage; Adventures through the Inside Passage; Iconic West Coast Experience; Baja California & Sea of Cortez; Into the Wild Sea of Cortez; Central American Discovery; Baja and Costa Rica Discovery; Andean Coastal Exploration; Peru to Panama: Along the Andean Coast.*

Discover

Wildlife of North and Central America

Observe polar bears on the Canadian Arctic sea ice from your private verandah. Listen to the blow of humpback and gray whales as your Discovery Guide steers your Zodiac along Alaska's Inside Passage. Paddleboard off Monterey, California to view sea otters, or kayak amidst Central America's rainforests to spot vivid macaws and chattering monkeys. The face-to-face wildlife encounters will enthrall on either a North or Central American voyage.

North American Arctic

Unlocking the Northwest Passage will take you deep into the kingdom of the 'ice bear', as you traverse the Canadian Arctic Archipelago and the north coast of Alaska. Besides polar bears and cubs, there are harp and ribbon seals resting on sea ice and shore. Prince Leopold Island is just one of several towering cliffs where sea birds in their hundreds of thousands nest. These include black-legged kittiwakes, thick-billed murres, glaucous gulls, Arctic terns northern fulmars' and more. Nearby, arctic fox can often be seen scavenging for fallen eggs or chicks.

On tundra walks, watch for glimpses of wolves, herds of caribou, shaggy musk ox families and burrowing lemmings. In the sea, look for tall-finned orcas, the blunt visage of bowhead whales, ghostly white belugas and if very fortunate, the fantastic narwhal, 'unicorn of the Arctic'.

Alaska to British Columbia

On Adventures through the Inside Passage, tundra gives way to coniferous forest and ice-clad mountains reach the sea. Train your in-suite binoculars on their flanks to find mountain goats, Dall sheep, moose and perhaps grizzly bears. Remote St Paul Island in the Bering Sea is a key nesting area for millions of migrating seabirds and a breeding ground for 500,000 northern fur seals. In the protected waterways from the Gulf of Alaska to Vancouver, British Columbia, see migrating humpback and gray whales, orcas, otters and Steller sea lions. While bald eagles patrol overhead, watch grizzly and black bears fish for salmon on spawning journeys upstream.

Central America

The Sea of Cortez on the Baja Peninsula, off California and Mexico, is one of the world's most diverse seas with the greatest variety of whales, including gray whale sharks, humpback and the world's largest, blue whales. Its turquoise waters are home to nearly 900 species of fish, manta rays and turtle. Enjoy the Sea of Cortez in Depth or Baja and Costa Rica Discovery, Baja California & Sea of Cortez or Central American Discovery.

El Salvador's El Imposible National Park promises an amazing variety of plant and animal life including pumas, ocelots, wild boars, agoutis, king hawks, black-crested eagles, toucans and macaws. National parks make up 25 per cent of Costa Rica where you'll find monkeys, sloths, iguanas, butterflies, sea turtles, parrots and toucans.

Andean Coastal Exploration and Peru to Panama: Along the Andean Coast voyages feature parks and wildlife refuges – from Costa Rica's Curú National Park's capuchin and howler monkeys, to the rainforests of Quepos, where guides will show you Titi monkeys, sloths, poison dart frogs, iguanas and toucans. Panama's Darien National Park features the endangered night monkey and Guatemalan black howler, while Colombia's Utria National Park is where sea turtles come to lay their eggs. 'Welcome to paradise' is a fitting expression for those visiting the coastal city of Santa Barbara. Called the American Riviera, Santa Barbara is a place where food, art, history, fashion and sunshine mix to create a delightful and refreshing experience. The Santa Ynez Mountains create a stunning backdrop, while the colonial buildings with a Spanish influence give the city a Mediterranean feel. Santa Barbara offers urban wineries for the wine aficionados, an abundance of wildlife at the national parks for the naturalists, and a rich cultural legacy from America's first settlers for the culture enthusiasts.

○ NORTHWEST PASSAGE

Experience one of the most challenging and rewarding sea routes on Earth in Canada's Northwest Passage.

— The legendary Northwest Passage runs through the heart of the Arctic and across the world's most northerly countries. Enjoy visits to Inuit hunting and fishing communities, chukchi reindeer herder villages and remote scientific stations.

Due to sea ice, there's only one, six-week window of opportunity to pass through this special region each year. Follow in the footsteps of intrepid explorers on this epic journey in six-star comfort.

Traverse from Kangerlussuaq in Greenland to Nome in Alaska, where you'll encounter wild and remote fjords, glaciers, harbours and uninhabited islands that dot the archipelago of Canada's high Arctic.

Revel in wonderful moments spotting in crisp details the Arctic wildlife and mighty glaciers through binoculars provided to each guest.

Unlocking the Northwest Passage

⌚ 24 Day Itinerary 📍 Copenhagen > Anchorage

In the footsteps of great explorers

Follow in the footsteps of the early Arctic explorers Franklin, Amundsen and Larsen, as you discover one of the world's last frontiers, the famous Northwest Passage.

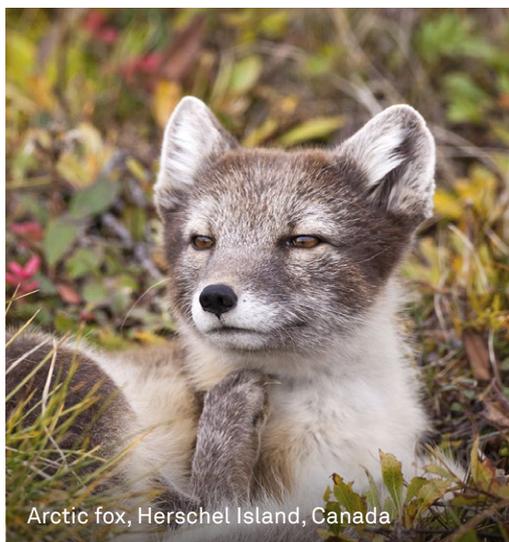

Cruising the Northwest Passage is unlike any other. A passage cruised only by a few, an experience where you encounter remote fjords, glaciers, harbours and uninhabited islands that dot the archipelago of Canada's High Arctic. Start in Greenland, home to mighty icebergs and calving glaciers, before cruising to the remote islands of Canada. See the contrast of the largest uninhabited island on the planet, a barren land with similar conditions to the planet of Mars. Continue through the famed Northwest Passage with Scenic Eclipse, as your experienced Captains navigate you delicately through the Canadian Arctic Archipelago. Our expert Discovery Team will guide you throughout your voyage, designing each day and sharing their knowledge of the flora, fauna and history of these spectacular destinations. Marvel at the pristine landscapes that are worlds away from modern civilisation.

🕒 Roald Amundsen

Since the fifteenth century, the Northwest Passage has been a famed sea route. Treacherous conditions and sea ice cover has previously made this route impassable. In 1906, Norwegian explorer Roald Amundsen became the first to successfully navigate the Northwest Passage. Roald Amundsen is one of the greatest figures in the field of polar exploration, also being the first to reach the South Pole, and one of the first to cross the Arctic by air.

Day 3

Sisimiut

Sisimiut has the reputation of being the adventure hub of Greenland. With a cool, urban character and brightly coloured houses, it is located in the middle of wild territory. Sisimiut was colonised in 1756, although people have lived here on and off since 2,500 BC.

Discovery: Join our Discovery Team for a hiking or kayaking excursion.

Meals: B.L.D

Day 4

Ilulissat (Disko Bay)

Spectacular days await as you cruise Disko Bay. Ilulissat is named from the Inuit word for 'iceberg'. Formerly called Jakobshavn, the town is best known for large numbers of icebergs forming from the nearby Ilulissat Icefjord, into which one of the world's fastest moving and most active glaciers calves 46 cubic kilometres of ice annually. Listen for the rumbling sounds in the distance of icebergs calving from the Sermeq Kujalleq glacier.

Discovery: Take Scenic Discovery excursions by Zodiacs to ice formations. Explore by kayaks, hear the ice cracking, and feeding whales blow or step onshore for on shore exploration.

Meals: B.L.D

Day 5

At Sea

Spend the day on board in truly all-inclusive luxury and be amazed by how quickly the time passes. Choose one of the daily activities, join an entertaining discussion in the theatre, or make time for your own fitness regime.

Day 6

Pond Inlet, Canada

On Baffin Island, at the mouth of the famous Northwest Passage lies a small Inuit settlement. Pond Inlet is surrounded by spectacular snow-capped mountains, fjords and glaciers, and your exploration of this remote region will leave you with lasting memories.

Meals: B.L.D

Day 7

Devon Island

Devon Island is the largest uninhabited island on the planet, however it is home to the remnants of the Thule settlement that date back to 1000 AD. This interesting place has been a focus of the research community. With land that remains frozen for almost the entire year, dominated by frost shattered rocks and minimal plants and animals, it is a barren wasteland that has very similar conditions to the planet of Mars. It is also the location of the Haughton impact crater, formed when a meteorite about 2km in diameter crashed into the surface 39 million years ago.

Flat top mountains, glacial valleys and substantial ice caps, Devon Island has a unique and majestic beauty.

Discovery: Scenic Discovery excursions by Zodiac, kayak and onshore landings.

Meals: B.L.D

Day 8

Beechey Island > Prince Leopold Island

Beechey Island was the winter camp of the ill-fated 1845 Franklin Expedition. The final resting place of three of Sir John Franklin's crew, it has served as the base camp for much of the exploration of the Northwest Passage. Prince Leopold Island is home to over 400,000 birds nesting on the small island, with limestone cliffs stretching up to nearly 870 feet tall.

Discovery: Explore Beechey Island with our Discovery Team.

Meals: B.L.D

Day 9-16

Across the Northwest Passage

Exciting days lie ahead as you venture into the Northwest Passage, navigating delicately through the Canadian Arctic Archipelago. Connecting the Atlantic Ocean to the Pacific, this once impassable route is a place where few are lucky enough to have travelled. From John Cabot to James Cook and Sir John Franklin, many explorers set out to conquer this fabled route and failed. On board Scenic Eclipse you will go further than these intrepid explorers were ever able to. Due to the extraordinary nature of this very remote Arctic region, our route is dependent on the ice and weather conditions. Our experienced Captain and Discovery Leaders will use their expertise to design your voyage from day to day, with each day a highlight.

Discovery: Scenic Discovery excursions by Zodiac, kayak and onshore landings for nature walks and visits to remote communities.

Meals: B.L.D

Discovery: Scenic Discovery excursions by Zodiac, kayak and onshore landings to explore historic structures. Learn about the Thule and Inuit cultures and explore the melting permafrost.

This region is a kaleidoscope of colours and diversity; with extraordinary cultural and environmental significance, it is a true wonder of the world. Discovering the Amazon is a joy from start to finish. There are few untouched paradises left on Earth, and the astonishing Galápagos Islands is undoubtedly one of them. Alone in the Pacific Ocean, this volcanic archipelago has benefited from its isolated location over centuries of evolution, with some of the most unique and special species calling it home.

Marine Iguana

Almost 20% of the marine life in the islands is endemic to the area. This includes the Marine iguana, the only lizard in the world who enjoys water so much they've learned to swim in it! They look fierce, but are actually gentle herbivores, surviving exclusively on algae and seaweed. They are protected throughout the archipelago and are considered vulnerable to extinction.

The Amazon

Explore remote Amazonian tributaries via skiffs and kayaks, spot monkeys and other rare creatures, and let our expert naturalist guides introduce you to the wonders of the jungle. It is also the ancestral home of one million Indians and during your time with Scenic you'll have the opportunity to visit some of these villages. The sheer number and diversity of flora and fauna to be found in the world's largest tropical rainforest is quite simply astounding. From the rarest of orchids to the playful Pink Amazon dolphin, it is one of the greatest thrills on Earth to witness all these extraordinary creatures and plants in their natural habitat.

The Galápagos Islands

This incredible and rare ecosystem played an inestimable role in the development of Charles Darwin's ground-breaking study 'Origin of the Species' and subsequent Theory of Evolution in 1859. With many of the same species that inspired him still surviving on the Galápagos Islands, you'll have the chance to witness 'survival of the fittest' in the flesh. See incredible species such as Blue footed boobies, fur seals, lava lizards, flamings, rays, albatross and the endangered Galápagos giant tortoise.

- Some of the flights and flight-inclusive holidays on this website are financially protected by the ATOL scheme. But ATOL protection does not apply to all holiday and travel services listed on this website. This website will provide you with information on the protection that applies in the case of each holiday and travel service offered before you make your booking. If you do not receive an ATOL Certificate then the booking will not be ATOL protected. Please see our booking conditions for information, or for more information about financial protection and the ATOL Certificate go to: www.caa.co.uk
- In order for us to process your booking and provide the tour to you, you will need to provide us, and we will need to use your personal information. "We", "us" and "our" means Scenic Tours (UK) Limited.

We are a Member of ABTA. When you book with an ABTA Member you can expect high service standards, fair terms of trading and accurate information. Bookings

1. If you or any member of your party has any medical condition, pregnancy, or disability which may affect your tour or has any special requirements as a result of any medical condition, pregnancy, or disability (including any which affect the booking process), it is very important that you tell us of the condition and of any medical or mobility equipment you will need in writing before you confirm your booking so that we can assist you in considering the suitability of the arrangements and/or making the booking. Given the potentially extreme conditions and remote locations we may visit you must also complete a mandatory full medical questionnaire (to be provided 90 days prior to departure) to enable us to assess the risks involved. This questionnaire must be signed by your medical practitioner between 90 and 60 days prior to the tour departure date and must be returned to us not later than 60 days prior to the tour departure date. Any medical certificate issued earlier than 90 days before the tour departure date will not be accepted and a revised one will be required. Any guest who has not completed and returned their medical certificate will not be cleared for embarkation and their booking will be deemed to have been cancelled by them in which case the cancellation charges will apply detailed below. Some activities either on board the ship or onshore at all ports may be unsuitable for those with reduced mobility. You must also notify us of any changes or deterioration in the disability or medical condition or development of any disability, pregnancy, or medical condition after booking. We must reserve the right

to decline a reservation of any person or, if full details are not given at the time of booking or the condition/disability develops after booking, cancel when we become aware of these details, if we reasonably feel unable to properly accommodate their particular needs. In the event that you require assistance with embarking or disembarking as a result of your reduced mobility or disability, please advise us at the time of booking and in any event no later than 48 hours before the assistance is required. Please also note that assistance is not always available when embarking or disembarking at all ports of call. It is important to note in relation to the Scenic Eclipse that:

- (i) for safety reasons, passengers in wheelchairs cannot be carried on boarding ramps (which may be steep due to water levels) whilst the vessel is tied up or at anchor, or on to motor coaches, tenders, Discovery experiences including but not limited to Zodiacs, kayaks and submarine; and
- (ii) collapsible walkers may be taken onto tender vessels for transfer to shore for the included touring. Walkers are however unable to be taken on the zodiacs at any time due to space restrictions. The walkers will be stored in the guest's suite – there is no additional storage space on board.
- (iii) guests must be able to walk up/down stairs in the event of an emergency to reach emergency evacuation points.
- (iv) motorised scooters cannot be used on board
- (v) wheelchairs and walkers can be carried in the luggage compartment of motorcoaches subject to space limitations.
- (vi) embarking and disembarking the tenders, Zodiacs, kayaks and submarine are via a mud room/change room with steps leading to a marina platform and requires the ability to step into and out of these vessels unaided.
- (vii) elevators may not access all decks and cabins and bathrooms may have significant thresholds and cabin doors which limit access.

2. The operation of all tours is conditional on us securing the minimum number of bookings. Where sufficient numbers cannot be achieved, we may cancel or change a scheduled tour. Please also see clauses 13 to 16. We will notify you no less than 30 days prior to the departure date of the tour if we have to cancel or significantly change a tour due to lack of numbers.

3. If you have any special requests (including dietary requirements) you must notify us in writing at the time of booking. Please note special requests cannot be guaranteed. Failure to meet any special request will not be a breach of contract by us. Confirmation that a special request has been noted or passed on to the supplier of any service(s) or the inclusion of the special request on your confirmation invoice or any other documentation is not confirmation that the request will be met. Unless and until specifically confirmed, all special requests are subject to availability. For your own protection, you should obtain confirmation in writing that a special request will be complied (where it is possible to give this) where it is important to you. We cannot accept any conditional bookings, i.e. any booking which is specified to be conditional on the fulfilment of a particular request. All such bookings will be treated as "standard" bookings subject to the above provisions on special requests.

Payment

4. To make a booking, you are required to pay a 10% deposit of the cruise element (or cruise and land element when booking a cruise and land journey combination) with a second 15% deposit of the cruise element (or cruise and land element when booking a cruise and land journey combination) due 12 months prior to departure.

Early bird fares have limited availability

5. The balance of the tour price must be received by us no less than 120 days prior to the start of your tour. If we do not receive all payments due (including any surcharge where applicable) in full and on time, we are entitled to assume that you wish to cancel your booking. In this case, we will be entitled to keep all deposits paid or due at that date. If we do not cancel straight away because you have promised to make payment, you must pay the cancellation charges shown in these terms and conditions depending on the date we reasonably treat your booking as cancelled.

6. Except for flight inclusive bookings, all monies you pay to one of our authorised travel agents for your holiday with us will be held by the agent on your behalf until a contract between us comes into existence. After that point, your agent will hold the monies on our behalf until they are paid to us. For flight inclusive bookings, all monies paid to any authorised travel agent of ours for your holiday with us will be held on behalf of and for the benefit of the Trustees of the Air Travel Trust subject to the travel agent's obligation to pay such monies to us in accordance with our trading terms unless we fail. In the unlikely event of our financial failure, all monies then held by the travel agent or subsequently paid by you to the travel agent will be held by the agent on behalf of and for the benefit of the Trustees of the Air Travel Trust without any obligation on the agent to pay such monies to us.

Credit Card Payments

7. There is no charge for credit or debit card payment.

Your contract

8. Subject to availability we will confirm your booking by issuing our confirmation invoice. This invoice will be sent to the first named person on the booking ("lead name") or your travel agent. Please check this invoice carefully as soon as you receive it. Contact us immediately if any information on the confirmation or any other document appears to be

incorrect or incomplete as it may not be possible to make changes later. We cannot accept any liability if not notified of any inaccuracy in any document within 7 days of our sending it out. We will do our best to rectify any mistake notified to us outside these time limits but you must meet any costs involved in doing so.

9. A binding contract between you and us comes into existence when we issue our confirmation invoice. We both agree that English law (and no other) will apply to your contract and to any dispute, claim or other matter of any description which arises between us ("claim") (except as set out below). We both also agree that any claim (and whether or not involving any personal injury) must be dealt with under the ABTA Alternative Dispute Resolution Scheme ("ADR") (if the scheme is available for the claim in question and you wish to use it – see the clause 37) or by the Courts of England and Wales only unless, in the case of court proceedings, you live in Scotland or Northern Ireland. In this case, proceedings must either be brought in the courts of your home country or those of England and Wales. If proceedings are brought in Scotland or Northern Ireland, you may choose to have your contract and any claim or other matter of any description which arises between us governed by the law of Scotland/Northern Ireland as applicable (but if you do not so choose, English law will apply).

What are your on-tour obligations?

10. (a) You must follow the Captain, Discovery Team Leader, and Tour Director's instructions at all times. You acknowledge that failure to do so may result in your withdrawal from the tour. (b) We expect all clients to have consideration for other people. If in our reasonable opinion, or in the reasonable opinion of any other person in authority, you behave in such a way so as to cause or be likely to cause danger, upset or distress to yourself or any third party or damage to property we are entitled, without prior notice, to terminate the tour of the person(s) concerned. We will not be liable to you for any loss, cost or damage resulting from your withdrawal. If you are withdrawn from the tour, you must make your own return travel arrangements at your own expense.

Tour price

11. The tour price is based on the cruise cabin category as indicated on each tour page. Upgrades to other cabin types may be available at additional cost. Please note that individual cabin number requests are a request only and cannot be guaranteed.

Please note, changes and errors occasionally occur. You must check the price of your chosen holiday at the time of booking. We reserve the right to make changes to and correct errors in advertised prices and information at any time before your holiday is confirmed. We will advise you of any error of which we are aware and of the then applicable price at the time of booking.

12. Once your tour price has been confirmed at the time of booking, then subject to the correction of errors, it will only be increased or decreased in the following circumstances. A surcharge or refund (as applicable) will be payable, subject to the conditions set out below, in the event of any change in our transportation costs or in dues, taxes, fuel or fees payable for services such as landing taxes or embarkation or disembarkation fees at ports or airports increase or decrease or in the exchange rates which have been used to calculate your tour price. Even in the circumstances set out in above, only if the amount of the increase in our costs exceeds 2% of your tour price (excluding insurance premiums and any amendment fee) will we levy a surcharge. If any surcharge is greater than 8% of your tour price (excluding insurance premiums and any amendment fee), you will be entitled to cancel your booking and receive a full refund of all monies you have paid to us (except for any amendment fee) or alternatively purchase another tour from us – see clause 14. You have 14 days from the issue date printed on the surcharge invoice to tell us if you wish to cancel or purchase another tour where applicable. Otherwise, we are entitled to assume that you do not wish to do so and will pay the surcharge. Any surcharge must be paid with the balance of the tour price or within 14 days of the issue date printed on the surcharge invoice, whichever is the later. Please note that travel arrangements are not always purchased in local currency and some apparent changes have no impact on the tour price due to contractual and other protection in place. A refund will only be payable if the decrease in our costs exceeds 2% as set out above. Where a refund is due, we will pay you the full amount of the decrease in our costs. No surcharge will be levied within 20 days of departure. No refund will be payable if any decrease in our costs occurs during this period either.

Variation or cancellation by us

13. We start planning the tours we offer many months in advance.

Occasionally, we have to make changes to and correct errors in the details of advertised tours both before and after bookings have been confirmed and cancel confirmed bookings. Whilst we always endeavour to avoid changes and cancellations, we must reserve the right to do so. Due to the nature of our itineraries, which are dependent on the safe navigation of national and international waterways over which we have no control, it is therefore not always possible for our vessels to sail or call at all ports as planned or foresee when this may occur. Unfortunately, this is an inherent risk in sailing which you must accept. The captains of all the vessels we use retain the ultimate right to deviate from or change any particular itinerary where they believe

it necessary to so, for example in the interests of the health and safety of passengers.

14. Most changes made to a confirmed tour are minor. Examples of what we both agree to be minor changes are changes of vessels to one of the same class for the whole or part of your tour, changes to vehicles used for transfers and excursions, changes to planned excursions, changes to hotel accommodation to that of an equivalent standard including the substitution of accommodation to on-board our vessels or vice versa, changes to berthing or dock location, changes to sailing times, and the substitution and/or removal of ports of call, or the replacement of sailing with the use of motor coaches. Occasionally, we have to make a significant change to or cancel a confirmed tour and we must reserve the right to do so. A significant change is a change made before departure which, taking account of the information you give us at the time of booking or which we can reasonably be expected to know as a tour operator, we can reasonably expect to have a significant effect on your tour. If we have to make a significant change or cancel, we will tell you as soon as possible. If there is time to do so before departure, you will be offered the choice of the following options:- (a) (for significant changes) accepting the changed arrangements or (b) purchasing alternative arrangements from us, of a similar standard to those booked if available. We will offer you at least one alternative holiday of equivalent or higher standard for which you will not be asked to pay any more than the price of the original holiday. If this holiday is in fact cheaper than the original one, we will refund the price difference. If you do not wish to accept the holiday we specifically offer you, you may choose any of our other available holidays. You must pay the applicable price of any such holiday. This will mean your paying more if it is more expensive or receiving a refund if it is cheaper or (c) cancelling or accepting the cancellation and receiving a full refund of all monies you have paid to us. Please note, the above options are not available where any change made is a minor one. A change of flight time of less than 12 hours, airline (except as specified in clauses 42 to 44 "Flights"), type of aircraft (if advised) or destination airport will all be treated as minor changes.

15. If we have to make a significant change to or cancel a confirmed tour, we will in addition to the options set out in clause 14 pay you compensation depending on the circumstances and when the significant change or cancellation is notified to you subject to the following exceptions. Compensation will not be payable and no liability beyond offering the options set out in clause 14 can be accepted where (a) we are forced to make a change or cancel as a result of unusual and unforeseeable circumstances beyond our control, the consequences of which we could not have avoided even with all due care or (b) we have to cancel because the minimum number of bookings necessary for us to operate your tour has not been reached – see clause 2. No compensation will be payable and the options set out in clause 14 will not be available if we have to cancel as a result of your failure to comply with any requirement of these terms and conditions entitling us to cancel (such as paying on time) or where a change is a minor one.

16. Very rarely, we may be forced by Force Majeure (see clause 28) to change or terminate your tour after departure but before the scheduled end of your time away. This is extremely unlikely but if this situation does occur, we will be unable to make any refunds (unless we obtain any refunds from our suppliers which we do not use to pay for alternative services), pay you any compensation or meet any costs or expenses you incur as a result.

Amendment or cancellation by you

17. If any member of your party is prevented from travelling, the person(s) concerned may transfer their place to someone else (introduced by you) providing we are notified not less than 90 days before departure. Where a transfer to a person of your choice can be made, all costs and charges incurred by us and/or incurred or imposed by any of our suppliers as a result together with an amendment fee of £50 per person must be paid before the transfer can be effected. Any overdue balance payment must also be received. For flight inclusive bookings, you must pay the charges levied by the airline concerned. As most airlines do not permit name changes after tickets have been issued for any reason, these charges are likely to be the full cost of the flight.

18. If you wish to make any amendments to your confirmed booking you must notify us in writing as soon as possible. It may not always be possible to make such amendments. Where we can, an amendment fee of £50 per person per booking will be payable together with any costs incurred by ourselves and any costs or charges incurred or imposed by any of our suppliers. A change of tour dates will normally be treated as a cancellation of the original booking and rebooking in which case cancellation charges will apply. Changes may result in the recalculation of the tour price where, for example, the basis on which the price of the original tour was calculated has changed.

19. You may cancel your booking by notice to us in writing and payment of the applicable cancellation fee as shown below. Cancellation notifications are not effective until received by us in writing (if received by us on a weekend day or public holiday the notification will be treated as having been received by us on the next working day).

The following cancellation fees apply to each person(s) cancelling and where shown as a percentage are based on the total cost of the arrangements which are being cancelled excluding any insurance premiums, amendment fee or previously incurred cancellation charges which are all non-refundable in the event of your cancellation:

Cancellation Fees

Period before your tour commences within which written notification of cancellation is received by us

Cancellation period	Fee per person
120 days and over	Loss of Deposits
119 to 91 days	50% of tour price
90 days or less	100% of tour price

Depending on the reason for cancellation, you may be able to reclaim these cancellation charges (less any applicable excess) under the terms of your insurance policy. Claims must be made directly to the insurance company concerned.

Where any cancellation reduces the number of full paying party members below the number on which the price, number of free places and/or any concessions agreed for your booking were based, we will recalculate these items and re-invoice you accordingly.

Our liability

20. We will ensure that the tour arrangements we have agreed to make, perform or provide as applicable as part of our contract with you are made, performed or provided with reasonable skill and care. This means that, subject to these terms and conditions, we will accept responsibility if, for example, you suffer death or personal injury or your contracted tour arrangements are not provided as promised or prove deficient as a result of the failure of us, our employees, agents or suppliers to use reasonable skill and care in making, performing or providing, as applicable, your contracted tour arrangements. Please note, it is your responsibility to show that reasonable skill and care has not been used if you wish to make a claim against us. In addition, we will only be responsible for what our employees, agents and suppliers do or do not do if they were at the time acting within the course of their employment (for employees) or carrying out work we had asked them to do (for agents and suppliers).

21. We will not be responsible for any injury, illness, death, loss (including loss of enjoyment or possessions), damage, expense, cost or other sum or claim of any description whatsoever which results from any of the following:-

- the act(s) and/or omission(s) of the person(s) affected or any member(s) of their party or

- the act(s) and/or omission(s) of a third party not connected with the provision of your tour and which were unforeseeable/unavoidable or

- Force Majeure as defined at clause 28 below.

22. We cannot accept responsibility for any services which do not form part of our contract with you. This includes, for example, any additional services or facilities which any hotel or other supplier agrees to provide for you where the services or facilities are not advertised in our tour brochure as part of your tour and we have not agreed to arrange them as part of our contract and any excursion or other services you purchase during your tour. Where any such excursion or services are purchased through or with our assistance, please note that we act only as booking agent. Your contract will be with the operator or provider of the excursion or services in question. We have no liability in relation to the same. In addition, regardless of any wording used by us on our website, in any of our brochures or elsewhere, we only promise to use reasonable skill and care as set out above and we do not have any greater or different liability to you.

23. The promises we make to you about the services we have agreed to provide or arrange as part of our contract and the laws and regulations of the country in which your claim or complaint occurred will be used as the basis for deciding whether the tour arrangements in question had been properly provided. If the particular arrangements which gave rise to the claim or complaint complied with the then applicable local laws and regulations, the services will be treated as having been properly performed or provided. This will be the case even if the arrangements did not comply with the laws and regulations of the UK which would have applied had those arrangements been provided in the UK. The exception to this is where the claim or complaint concerns the absence of a safety feature which might lead a reasonable tour participant to refuse to take the tour in question. Please note, however, our obligation is to exercise reasonable skill and care as referred to in clause 20. We do not make any representation or commitment that all services will comply with applicable local laws and regulations and failure to comply does not automatically mean we have not exercised reasonable skill and care.

24. As set out in these booking conditions, we limit the maximum amount we may have to pay you for any claims you may make against us. Where we are found liable for loss of and/or damage to any luggage or personal possessions (including money), the maximum amount we will have to pay you is £1,000 per person affected unless a different limitation applies to your claim under this clause or clause 25 below. For all other claims which do not involve death or personal injury, if we are found liable to you on any basis the maximum amount we will have to pay you is twice the price (excluding insurance premiums and amendment fees) paid by or on behalf of the person(s) affected in total unless a lower limitation applies to your claim under clause 25 below. This maximum amount will only be payable where everything has gone wrong and you have not received any benefit at all from your tour.

25. Where any claim or part of a claim (including those involving death or personal injury) concerns or is based on any travel arrangements (including the process of getting on and/or off the transport concerned) provided by any air, sea or rail carrier to which any international convention or EU regulation applies, the maximum amount of compensation we will have to pay you will be limited. The most we will have to pay you for that claim or that part of a claim if found liable to you on any basis is the most the carrier concerned would have to pay under the international convention or regulation which applies to the travel arrangements in question

(for example, the Warsaw Convention as amended or unamended and the Montreal Convention for international travel by air and/or for airlines with an operating licence granted by an EU country, the EC Regulation on Air Carrier Liability No 889/2002 for national and international travel by air, the Athens Convention for international travel by sea (as amended by the 2002 Protocol where applicable) and COTIF, the Convention on International Travel by Rail). Please note: where a carrier or hotelier would not be obliged to make any payment to you under and in accordance with the applicable international convention or regulation in respect of a claim or part of a claim, we similarly are not obliged to make a payment to you for that claim or part of the claim. When making any payment, we are entitled to deduct any money which you have received or are entitled to receive from the carrier for the claim in question. Copies of the applicable international conventions and regulations are available from us on request.

26. Please note, we cannot accept any liability for any damage, loss, expense or other sum(s) of any description (a) which on the basis of the information given to us by you concerning your booking prior to our accepting it, we could not have foreseen you would suffer or incur if we breached our contract with you or (b) which did not result from any breach of contract or other fault by ourselves or our employees or, where we are responsible for them, our suppliers. Additionally, we cannot accept liability for any business losses including self-employed loss of earnings.

Suppliers

27. Many of the services which make up your tour are provided by independent suppliers. Those suppliers provide these services in accordance with their own terms and conditions. Some of these terms and conditions may limit or exclude the supplier's liability to you, usually in accordance with applicable international conventions (see clause 25). Copies of the relevant parts of these terms and conditions and of the international conventions are available on request from ourselves or the supplier concerned.

Force Majeure

28. Except where otherwise expressly stated in these terms and conditions we regret we cannot accept liability or pay any compensation where the performance or prompt performance of our obligations under our contract with you is prevented or affected by or you otherwise suffer any damage, loss or expense of any nature as a result of Force Majeure. Force Majeure means any event which we or the supplier of the service(s) in question could not, even with all due care, foresee or avoid. Such events are likely to include (whether actual or threatened) an act of God, war, terrorism, fire, flood or any other extreme weather conditions exceptional water levels, lock damage, loss of power, epidemics or pandemics, industrial disputes, slow-downs or other strike activities, political unrest, riots or civil disturbances, prohibitions or acts of Federal, State, Territory, local government, quasi-government bodies or other authorities (including, in each case, their duly constituted or appointed agents), inability to obtain the necessary licence of consent and delays caused by sub-contractors, suppliers or other third parties (including telecommunications carriers), material shortages, any border closures by any country or the UK Government, or other disruptions to the Journey beyond our control.

29. You acknowledge and accept that there are inherent risks associated with our tours for example events of Force Majeure, hazards of travelling in undeveloped areas, travel by boat, train, automobile, submersible, helicopter, aircraft or other means of transportation particularly in underdeveloped countries or more remote locations such as the Antarctica, South Georgia and the Arctic & Fjords.

30. You must take out adequate and appropriate travel insurance to cover as a minimum cancellation by you, loss of luggage, early return following death of a relative, and emergency repatriation (from remote ocean locations) in the event of accident or illness.

31. Please read your policy details carefully and take them with you on your tour. It is your responsibility to ensure that the insurance cover you purchase is suitable and adequate for your particular needs.

Itinerary changes and travel advice

32. During local or national holidays, certain facilities such as museums and restaurants, sightseeing tours and shopping may be limited or not available. Alternatives will be offered if possible.

33. The Foreign and Commonwealth Office may have issued information about your tour destination. You are advised to check this information on the internet at www.gov.uk/foreign-travel-advice.

Smoking

34. Smoking is limited to designated smoking areas on Scenic Eclipse (and any other vessels), and is not permitted in suites or on verandahs and terraces.

(a) You acknowledge that we may restrict smoking to specific times and locations during Your Cruise for the comfort of all passengers. (b) Smoking is not permitted on coaches/transfer vehicles, discovery vessels, or such other places as nominated by us from time to time.

Baggage allowance

35. You are entitled to carry one suitcase per person with the total sum of its length, width and height not exceeding 76 x 53 x 28cm/30 x 21 x 11in (62 inches) and weight 23kg (50 lbs). Personal and valuable items such as make-up, cameras, medication, passport, money/credit cards etc. should be carried in a travel bag or on your person. You must ensure that luggage meets the weight requirements as overweight or oversize items will not be carried. Some carriers may impose a small surcharge per day for a second suitcase per

person. Excess baggage is always at your cost.

Young travellers

36. Travellers who are less than 18 years old on the departure date must be accompanied by and share a cabin/room with an adult aged 18 or over. Children under the age of 12 years are not encouraged and are accepted or rejected at our sole discretion.

Complaints, Alternative Dispute Resolution, and Damage

37. If a problem occurs during your tour, you must advise our representative immediately so that steps can be taken to resolve the matter and you can continue to enjoy the remainder of your tour. You must also advise the supplier concerned. Any verbal notification must be put in writing and given to our representative/agent and the supplier as soon as possible. If we do not have or you cannot contact our local representative or agent and any complaint or problem is not resolved to your satisfaction by the supplier, you must contact us in the UK using the contact details we have provided you with during your holiday, giving us full details and a contact number. Until we know about a complaint or problem, we cannot begin to resolve it. Most problems can be dealt with quickly. If you remain dissatisfied, any complaint must be made either by telephone or in writing to us giving full details within 30 days of the end of the tour. If you fail to follow this procedure, your right to claim compensation you may otherwise have been entitled to may be affected or even lost as a result.

Only the lead name should write to us. Disputes arising out of, or in connection with your booking which cannot be amicably settled may be referred to ABTA's ADR (Alternative Dispute Resolution) Scheme. The scheme provides for a simple and inexpensive method of resolving disputes and, where appropriate, arbitration on documents alone with restricted liability on the customer in respect of costs. Full details will be provided on request or can be obtained from the ABTA website (www.abta.com). The arbitration scheme does not apply to claims for an amount greater than £5,000 per person. There is also a limit of £25,000 per booking. Neither does it apply to claims which are solely in respect of physical injury or illness or their consequences. The scheme can however deal with compensation claims which include an element of minor injury or illness subject to a limit of £1,500 on the amount the arbitrator can award per person in respect of this element. Your application for arbitration and other required documents must be received by ABTA within 18 months of your return from the holiday. Outside this time limit arbitration under the scheme may still be available if we agree, although the ABTA Code does not require such agreement. For injury and illness claims, you can request the ABTA mediation procedure and we have the option to agree to this. Where we act as agent, please bear in mind that your contract is with the supplier of the arrangements concerned. Unless the supplier is also a member of ABTA, only disputes relating to our actions as agent can be dealt with by the arbitration scheme or mediation procedure and not complaints about the arrangements themselves or the acts/omissions of the supplier.

38. When you book with us, you accept responsibility for any damage or loss caused by you or any member of your party. Full payment for any such damage or loss (reasonably estimated if not precisely known) must be made direct to the accommodation owner or manager or other supplier or to us as soon as possible. If the actual cost of the loss or damage exceeds the amount paid where estimated, you must pay the difference once known. If the actual cost is less than the amount paid, the difference will be refunded. You will also be responsible for meeting any claims subsequently made against us and all costs incurred by us (including our own and the other party's full legal costs) as a result of your actions. You should ensure you have appropriate travel insurance to protect you if this situation arises.

Flights

42. In accordance with the UK's Retained EU Legislation on EU Directive (EC) No 2111/2005, we are required to bring to your attention the existence of a list which contains details of air carriers that are subject to an operating ban within the UK. The Community list is available for inspection at <https://info.caa.co.uk/uk-regulations/>. We are also required to advise you of the carrier(s) (or, if the carrier(s) is not known, the likely carrier(s)) that will operate your flight(s) at the time of booking. Where we are only able to inform you of the likely carrier(s) at the time of booking, we shall inform you of the identity of the actual carrier(s) as soon as we become aware of this. Any change to the operating carrier(s) after your booking has been confirmed will be notified to you as soon as possible. If the carrier with whom you have a confirmed reservation becomes subject to an operating ban as above as a result of which we/the carrier are unable to offer you a suitable alternative the provisions of clauses 14 to 16 will apply. Any change in the identity of the carrier, flight timings, and/or aircraft type (if advised) will not entitle you to cancel or change to other arrangements without paying our normal charges except where specified in these conditions.

If you suffer a delay to your outbound travel arrangements, we will do our best to assist you make the start of your tour or, if this cannot be achieved, join it as soon as possible any costs we incur in making any alternative arrangements in this situation will be your responsibility. In the event of a flight delay, the airline concerned may provide refreshments and/or other assistance depending on factors such as the length of the delay, time of day and number of passengers affected. We cannot accept liability for any delay which is due to any of the reasons set out in clause 21 (which includes the behaviour of any passenger(s) on the flight who, for example, fails to check in or board on time).

44. If your flight is cancelled or delayed, your flight ticket is downgraded or boarding is denied by your airline, depending on the circumstances, the airline may be required to pay you compensation, refund the cost of your flight and/or provide you with accommodation and/or refreshments under EC Regulation No 261/2004 – The Denied Boarding Regulations 2004. Where applicable, you must pursue the airline for the compensation or other payment due to you. All sums you receive or are entitled to receive from the airline concerned by virtue of these Regulations represent the full amount of your entitlement to compensation or any other payment arising from such cancellation, delay, downgrading or denied boarding. This includes any disappointment, distress, inconvenience or effect on any other arrangements. The fact a delay may entitle you to cancel your flight does not automatically entitle you to cancel any other arrangements even where those arrangements have been made in conjunction with your flight. We have no liability to make any payment to you in relation to the Denied Boarding Regulations or in respect of any flight cancellation or delay, downgrading of any flight ticket or denial of any boarding as the full amount of your entitlement to any compensation or other payment (as dealt with above) is covered by the airline's obligations under the Denied Boarding Regulations. If for any reason, we make any payment to you or a third party which the airline is responsible for in accordance with the Denied Boarding Regulations, you must, when requested, assign to us the rights you have or had to claim the payment in question from the airline. If the airline does not comply with these rules, you may complain to the CAA on 020 7453 6888 or by e-mail to passengercomplaints@caa.co.uk or see www.caa.co.uk – Referring Your Complaint to the CAA.

Passports and visas

46. British (citizen) passport holders are recommended to have a valid passport with at least 6 months validity from return date. If your passport has less than 6 months validity from the return date, then a waiver form must be signed. It is your responsibility to ensure any visas required for countries to be visited on the tour have been obtained prior to the tour departure date. Failure to obtain correct documentation will mean you may be unable to participate in particular shore excursions and may be denied boarding and/or entry into certain countries. Passport and visa entry requirements and costs are your sole responsibility. We cannot accept any liability if you are refused entry onto any transport or into any country due to failure on your part to carry correct documentation. If failure to have any necessary travel or other documents results in fines, surcharges or other financial penalty being imposed on us, you will be responsible for reimbursing us accordingly.

47. A full British passport presently takes approximately 6 weeks to obtain. If you are 16 or over and have not yet got a passport, you should apply for one at least six weeks before your departure from the UK. The UK Passport Service has to confirm an applicant's identity before issuing their first

passport and will ask them to attend an interview in order to do this. If you are not a British citizen or hold a non-British passport, you must check passport and visa requirements with the Embassy or Consulate of the country(ies) you are travelling through and to which you are intending to travel. Please note, all requirements may change and all clients must check the up-to-date position in good time before departure with the Embassy or consulate of the country(ies) you are travelling through and to.

48. It is your responsibility to ensure you are aware of all recommended vaccinations and health precautions in good time before departure. Details are available from your GP surgery and from the National Travel Health Network and Centre <http://travelhealthpro.org.uk/>. Information on health abroad is also available on www.nhs.uk/Livewell/Travelhealth. At the time of publication of this brochure, we are not aware of any compulsory health requirements applicable to British citizens taking any of the holidays featured in this brochure. For holidays in the EU/EEA you should either be in possession of a valid EHIC (European Health Insurance Card) or apply for the UK Global Health Insurance Card (GHIC) prior to departure from <https://www.nhs.uk/using-the-nhs/healthcare-abroad/apply-for-a-free-uk-global-health-insurance-card-ghic/>. An EHIC or GHIC is not a substitute for travel insurance. Vaccination and other health requirements/recommendations are subject to change at any time for any destination. Please therefore check with a doctor or clinic not less than six weeks prior to departure to ensure that you have met the necessary requirements and have the applicable information.

49. It is the lead name's responsibility to ensure that all members of the party are in possession of all necessary travel and health documents before departure. All costs incurred in obtaining such documentation must be paid by you. We regret we cannot accept any liability if you are refused entry onto any transport or into any country due to failure on your part to carry all required documentation. If failure to have any necessary travel or other documents results in fines, surcharges or other financial penalty, costs or expenses being imposed on or incurred by us, you will be responsible for reimbursing us accordingly.

Financial security

50. We hold an Air Travel Organiser's Licence issued by the Civil Aviation Authority (ATOL number 9294). When you buy an ATOL protected flight, or flight inclusive holiday from us, you will receive an ATOL Certificate. This lists what is financially protected, where you can get information on what this means for you and who to contact if things go wrong. We, or the suppliers identified on your ATOL Certificate, will provide you with the services listed on the ATOL Certificate (or a suitable alternative). In some cases, where neither we nor the supplier are able to do so for reasons of insolvency, an alternative ATOL holder may provide you with the services you have bought or a suitable alternative (at no extra cost to you). You agree to accept that in those circumstances the alternative ATOL holder will perform those obligations and you agree to pay any money outstanding to be paid by you under your contract to that alternative ATOL holder. However, you also agree that in some cases it will not be possible to appoint an alternative ATOL holder, in which case you will be entitled to make a claim under the ATOL scheme (or your credit card issuer where applicable). If we, or the suppliers identified on your ATOL certificate, are unable to provide the services listed (or a suitable alternative, through an alternative ATOL holder or otherwise) for reasons of insolvency, the Trustees of the Air Travel Trust may make a payment to (or confer a benefit on) you under the ATOL scheme. You agree that in return for such a payment or benefit, you assign absolutely to those Trustees any claims which you have or may have arising out of or relating to the non-provision of the services, including any claim against us, the travel agent or your credit card issuer where applicable. You also agree that any such claims may be re-assigned to another body, if that other body has paid sums you have claimed under the ATOL scheme. Please note: Not all holiday or travel services offered and sold by us will be protected by the ATOL scheme *The air inclusive holidays and flights we arrange are ATOL protected providing they are made available in the UK. For further information, visit the ATOL website at www.atol.org.uk.
